

Last Meeting

Our meeting for July (held on the 17th) was mostly business about the Show and Sale. The Rutledges were stranded in Texas and didn't make it so we have very little info at this point about future meetings except that Ernie is going to turn some more on that green bowl he did at the first meeting. The demo was Debra doing spindles. She showed us examples of the types of spindles that she turns and turned a dulcimer noter and striker for us there. Then she demonstrated how they were used. That was nice, to see the practical side of doing something that is so much fun.
